AS700G3

Sirena esterna, custodia in plastica, certificata EN e NFA2P Grado 3

Product overview

The outdoor siren is a signaling device to alert others if an emergency arises. It is a very important addition to a security system as it ensures everyone on site knows about the alarm system activation.
This siren has coated electronics and IP44 rated for a variety of applications, especially in harsh environments.
Designed to comply against EN Grade 3 certification, the siren includes an enhanced protection against sabotage.
The battery and power supply are fully supervised.

As soon as an intrusion is detected, the outdoor siren triggers a powerful 105 dB sound signal.
Its sound and duration can be programmed and its battery has up to 60 hours autonomy.

Dettagli

- Protezione del circuito della batteria con fusibile autoripristinabile
- Protezione antimanomissione avanzata
- Design Aritech
- Self test ogni 24 ore per verificare l'integrità della batteria e del suo circuito di ricarica
- Modalità tecnica (per installazione e per inibire il suono della sirena in caso di manutenzione)

AS700G3

Sirena esterna, custodia in plastica, certificata EN e NFA2P Grado 3

Specifiche tecniche

General

Accessory group	Sirene
Type	Udendørs sirene

Flash specifications

Current consumption	10 mA @ 13.8 V (quiescent)

Electrical

Power supply type	9 VAC
Operating voltage	9 to 15 V
Current consumption	100 mA at 9 to 15 VDC (typical)

Physical

Physical dimensions	203 x 260 x 81 mm
Net weight	1130 g
Colour	Hvid
Material	ABS

Environmental

Vandal proof	Yes
Operating temperature	-10 to 55°C
Storage temperature	-10 to 55°C
Relative humidity	<95% noncondensing
Environment	EN50130-5 ; Classe II - Intérieur (général)
IP rating	IP44

Regulatory

Compliancy	CE
Certification	EN50131 Grade 3
Standards	NFA2P Grade 3
