KE-DBA-TAGW

Intelligent addressable base accessory - address tag (white), supplied in packs of 10

General

The innovative Excellence range of intelligent addressable devices offers advanced features for reliability and peace of mind. Coupled with features for ease of installation and maintenance on new fire detection systems, it's a perfect match for exceptional overall performance.

The KE-DBA-TAGW is a customisable Excellence series detector identification tag. It may be used to improve label visibility on higher ceilings to indicate relevant detection point details next to the device as required by installation or local regulatory requirements. The KE-DBA-TAGW allows for additional size customisation on site, should the smaller tag supplied with the Excellence series base, not be sufficient. The tag allows for a break point where the tag dimensions can be reduced by 30% by simply breaking of the edge.

Installation

The KE-DBA-TAGW identification tag may be inserted in two locations on the detector base, allowing for flexibility in tag positioning. Dual tag positions allow the tag label to be visible from either side of the detector, whichever suits the requirement best, or for two tags to be fitted if visibility is required from all sides.

Ease of Use

A large smooth surface on the tag allows for text or labels to be placed neatly and allows for maximum visibility.

Details

- Ample surface space for product identification label
- Suitable platform for customised labelling requirements
- The designed break-line allows for the tag to be reduced in size for aesthetic purposes
- Fits into any if the two insert location positions on the base
- Locks securely in place on the base

KE-DBA-TAGW

Intelligent addressable base accessory - address tag (white), supplied in packs of 10

Technical specifications

General

Compatibility	Excellence series bases

Physical

Physical dimensions	56 x 20 x 4 mm
Net weight	< 1 g
Colour	Traffic white (RAL9016)
Mounting type	Base mount
Material (body)	Moulded ABS

Environmental

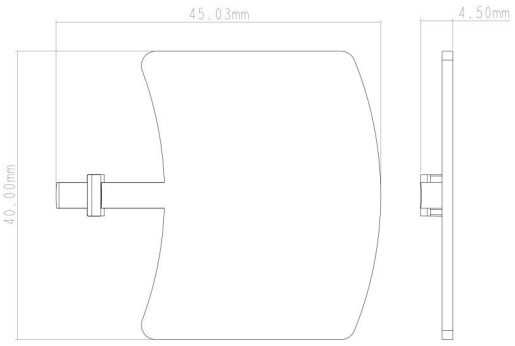

Vandal proof	No
Environment	Indoor, Outdoor

Regulatory

Compliancy	CE, REACH, RoHS 3, WEEE
Certification	CE

Compatible products

Category	Reference	Description
Detection device	KE-DB3010W	Excellence series intelligent device accessory - standard base
Detection device	KE-DBA-AUXW	Intelligent addressable base accessory - deep base (white)
Detection device	KE-DBA-IPW	Intelligent addressable base accessory - weatherproof base (white)
Detection device	KE-DBA-RECW	Intelligent addressable base accessory - recess base (white)
Detection device	KE-DBA-SKTW	Intelligent addressable base accessory - trim skirt (white)
